

SPQ PROTEIN

CALIBRATORS

Calibrator 1
84400/2 mL

Intended Use	Reference serum for use in quantitating specific human proteins.
Method	Calibrator
Feature & Benefits	Calibrator is in liquid form, represents a 3X concentrate of normal human serum and is stable for 1 year at 2-8°C. Calibrators have been delipidated to minimize nonspecific background reactivity.
Sample Types	Serum
Comments	For In Vitro Diagnostic Use.
